

DIRECTIONS FOR INSTALLING GLASS DOORS INTO TROPHY CASE

TOOLS NEEDED: HAMMER

IMPORTANT: GLASS FOR EACH TROPHY CASE IS CAREFULLY FITTED AT THE FACTORY. WHEN THERE IS MORE THAN ONE TROPHY CASE ON THE ORDER, EACH CRATE OF GLASS IS MARKED FOR THE TROPHY CASE IT BELONGS TO.

STEP 1

REMOVE THE GLASS FROM THE SHIPPING CRATE AND STAND THE PIECES AGAINST THE WALL. *(HANDLE WITH CARE)*

STEP 2

INSTALL SHELF STANDARDS IN DESIRED LOCATION. USE A HAMMER TO SET THE STANDARDS PROPERLY. *NOTE:* HALF WIDTH SHELVES USE THREE STANDARDS PER SHELF. GLASS SHELVES LAY ON THE STANDARDS.

STEP 3

INSTALL THE SLIDING GLASS DOORS BY PUTTING THE RIGHT DOOR IN FIRST. *NOTE:* THE RIGHT DOOR HAS THE HANDLE ON THE RIGHT EDGE WHEN FACING YOU. THE RIGHT DOOR MUST BE PUT INTO THE UPPER REAR TRACK ON THE LEFT SIDE OF THE CABINET, THEN THE BOTTOM OF THE DOOR IS PUT ON THE REAR BOTTOM RIB. (MAKE SURE THE TWO WHEELS ARE RIDING ON THE RIB PROPERLY). REPEAT THIS STEP ON THE LEFT DOOR EXCEPT THIS DOOR GOES INTO THE FRONT TRACK ON THE RIGHT SIDE. THIS IS THE POSITION THE DOORS SHOULD BE WHEN CLOSED.

STEP 4

INSTALL THE LOCK ON THE SLIDING GLASS DOORS. ONCE THIS IS DONE THE TROPHY CASE SHOULD BE COMPLETE.
